Lombardsijde

**Wat werd
gerealiseerd?**

A street scene in a town center. The street is paved with asphalt and has white lane markings. On the left, there is a sidewalk with a brick wall and a large tree. On the right, there are several multi-story buildings with red-tiled roofs and windows. A few cars are parked or driving on the street. The sky is clear and blue. A large white text overlay is centered on the image.
